9. Correspondence.

9.1 19/09 Conwy,(Response to 11.2 09/09/20) Your concern regarding livestock being kept at the property has been forwarded to my colleagues in trading standards.

With regards to the smell, any neighbour affected must make a complaint, the legislation is very specific – we're not allowed to accept complaints from people not directly affected by the smell. Principal Environmental Health Officer, Regulatory and Housing Services, CONWY County Borough Council

9.2 28/09 Cartrefi Conwy. (Response to 9.4 01/09 Cllr M Davies - Tir Cartrefi Conwy Land) I recall the section of land you are enquiring about. I need to make enquiries re where we are with the area and will come back to you as soon as I have replies. Leasehold and Land Liaison Officer.

9.3 01/10 Conwy CBC. Subject: Proposed 20mph speed limits around schools. Dear Councillors.

As part of the Local Sustainable Transport Measures in Response to Covid-19 funding, we were only looking to introduce 20mph speed limits, where possible, around schools that currently do not have a 20mph speed limit to improve safety and better facilitate social distancing.

It is proposed that the restrictions are introduced using an Experimental Traffic Regulation Order, which will allow the restrictions to be introduced quicker than by a traditional Traffic Regulation Order.

The process differs in that there is no need to allow 28 day to receive objections or need to resolve any objections before the restriction can be introduced.

To introduce an Experimental Traffic Regulation Order we are required to advertise the proposals and no sooner than 7 days following advertising the proposal it can be introduced. We are also able to make changes to the restriction during the first 6 months of operation.

The Experimental Traffic Regulation can be in force for no longer than 18 months. During that time the public will be able to object or make representation in the same way that they are able to do so in the 28 day period allowed when making a traditional Traffic Regulation Order. In fact the whole of the time that the Experimental Traffic Regulation Order is in effect is considered to be the objection period.

We can at any time before 18 months has expired and make the restriction permanent. To do this we will need to consider and resolve the objections received as we would a traditional Traffic Regulation Order. When the objections have been resolved we would advertise the restriction was being made permanent.

It is proposed to introduce a 20mph speed limit around the following schools in the Wards; Betws-yn Rhos, Llansannan and Llysfaen, as shown on the attached drawings.

If you have any concerns about the proposals or wish to see any changes made please let me know or if you have any questions please do not hesitate in contacting me.

We will let you know when we have a date to bring the restrictions into effect.
